Our extensive line of residential products has been redesigned for higher efficiency and new models have been added to give you more options and more solutions. Included here, you’ll find our full array of Bradford White residential water heaters including all NAECA compliant models. Bradford White Combination space and water heating, Indirect, Solar, and PC Powerful Compact® models are not regulated by the NAECA 2015 requirements.

Engineered to save your customers both energy and money, our residential water heaters are the perfect choice for nearly any residential application and the perfect choice for your business. For complete information on our residential product line and all Bradford White products, please visit www.bradfordwhite.com.

Bradford White is the choice of professional installers everywhere because of the high quality, rugged durability, and unique features built into every water heater we manufacture. The ongoing development of innovative technologies gives Bradford White products, and you, the professional installer, a strong competitive advantage.

Hydrojet® Total Performance System—Technology that Works!
The Hydrojet® Total Performance System thoroughly mixes incoming and stored water to reduce costly sediment buildup, minimize temperature differences (thermal stratification), and increase first hour delivery.

Bradford White ICON System™ Intelligent Gas Control
A revolutionary advance in water heater control technology, the ICON System™ offers numerous energy, money, and time-saving benefits to homeowners and professional installers.

The Defender Safety System® Unsurpassed in Design and Trouble-Free Operation
A proven combustion technology that resists the ignition of flammable vapors outside the water heater using patented “ScreenLok®” flame-arrestor design. The Defender Safety System® outstanding efficiency and a long service life.

We support American jobs and manufacture in Middleville, MI, USA.

Vitraglas® Tested—Tough Tank Protection
Vitraglas® is an exclusive enamel coating that provides unsurpassed protection against tank failure. Testing has proven that the unique formulation of Vitraglas® is superior to other enamel paints.

### Tankless Water Heaters

- **16”, 18”, 20”, 22”, and 24” diameters available**
- **30, 40, 48 & 50 gallon capacities**
- Up to 0.64 Energy standard models while less NOx emissions than Ultra Low NOx
- Up to 0.60 Energy Factor at atmospherically vented.

### Residential Ultra Low NOx Gas Water Heaters

- **Up to 88,000 BTU/Hr.**
- **48, 55, 75 & 100 gallon capacities**
- **0.60 Energy Factor**
- They offer greater output and higher temperature rise at a usable temperature in less time.
- **Natural gas only**
- **0.70 Energy Factor® qualified**
- They feature an integrated bracket that provides a high rate of heat transfer to the unit, manufactured home, or mobile home.
- **Combi2™ TTW®资格**
- **EcoStor**
- **Solar Saver Models**
- **EcoStor2**
- **Infiniti Mid Efficiency Tankless Gas Model**
- **Combi1™ (single wall) and Combi2™ (double wall) models feature a 1 ½” O.D. stainless steel tank.**
- **Mid Efficiency Bradford White Infiniti Tankless Gas Model**
- **Solar Powered**

### Residential Electric Water Heaters

- **Solid and flexible vent kits available**
- **30,000 BTU/Hr.**
- **Convertible control for use with either 208V, 240V, or 480V, 3-phase.**
- **50 & 80 gallon capacities**
- **Anode Rod optional**
- **2015 Solar Saver Models**
- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

### Residential Ultra Low NOx Water Gas Water Heaters

- **40, 48 & 50 gallon capacities**
- **Single Phase operation**
- **Defender Safety System**
- **Solar Saver Models**
- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

### Residential Electric Water Heaters

- **Solid and flexible vent kits available**
- **30,000 BTU/Hr.**
- **Convertible control for use with either 208V, 240V, or 480V, 3-phase.**
- **50 & 80 gallon capacities**
- **Anode Rod optional**
- **2015 Solar Saver Models**
- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

### Coil Heat Exchanger Products

- **Efficient**
- **2015 Solar Saver Models**
- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

**Eco-Defender Safety System**

- **Multiplier factor increases efficiency by approximately 20%.**
- **Most models feature front boiler connections for ease of installation.**
- **Solar Saver Models**
- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

**Solar Saver Models**

- **Eco-Defender Gas Backup Models**
- **Power Vent Gas Backup Models**
- **Electric Backup Models**
- **Solar Water Heaters**

**Eco-Defender Gas Backup Models**

- **Multiplier factor increases efficiency by approximately 20%.**
